## CELEBRITY MAKES A MOVE FOR CHARITY

Athens – everybody wanted to contribute to the famous American Women's Organisation of Greece fund-raising bazaar in aid of local charities.

The only problem was – how to deliver all the goods donated from all parts of the country? Step forward Celebrity International whose MD Kathy Chrisovergis and Sales and PR Manager Marissa Tejada (both Americans) organised the collection and transport of truckloads of homemade crafts, books, decoration, donated for the big day.

“This is the biggest holiday charity event in Greece and both Marissa and I were involved as volunteers right from the early planning stages – we were the only moving company to be involved with the event which is geared towards helping people who really need it, especially in these difficult times,” says Kathy.

All the logistical work was complex and time consuming she adds – but the end result was that the non-profit organization raised an amazing €17,500 to donate to local charities
